

IIT BOMBAY CAMPUS PLATFORM

Pulse IITB

A Unified Academic Operating System & Student Wellbeing Companion

Streamlining campus chaos into structured, proactive support

THE REALITY OF IITB LIFE

High Expectations. Fragmented Tools. Unseen Stress.

Between unending LDAP webmail announcements, complex course schedules, deadlines, and placement prep, students are constantly fighting cognitive overload.

The Problem: Friction & Fragmentation

Cluttered Email Chaos

Crucial assignment updates, exam slots, and hostel notices get buried under dozens of daily emails. Students manually copy events or miss important deadlines entirely.

Unmonitored Academic Fatigue

Existing calendar tools don't track workload intensity. Unnoticed cumulative stress leads to severe burnout, with zero proactive safety nets before it's too late.

THE PLATFORM

Introducing Pulse IITB

A single, intelligent dashboard that consolidates academic workflow, personalized AI assistance, and peer resources into one seamless environment.

- ✓ **Automated Inbox Intelligence:** Converts raw email clutter into actionable calendar items.
- ✓ **Context-Aware AI Assistant:** Knows your schedule, courses, and workload.
- ✓ **Early Warning System:** ML-driven burnout risk detector.

Feature 1: Smart Email & Event Sync

- ✂️ **AI Summary Engine:** Automatically digests long IITB official webmails into 2-sentence key takeaways.
- 📅 **One-Click Event Extraction:** Detects venue, date, and time parameters from announcements.
- ➔ **Direct Planner Addition:** Eliminates manual entry; events sync straight to your personal timetable.

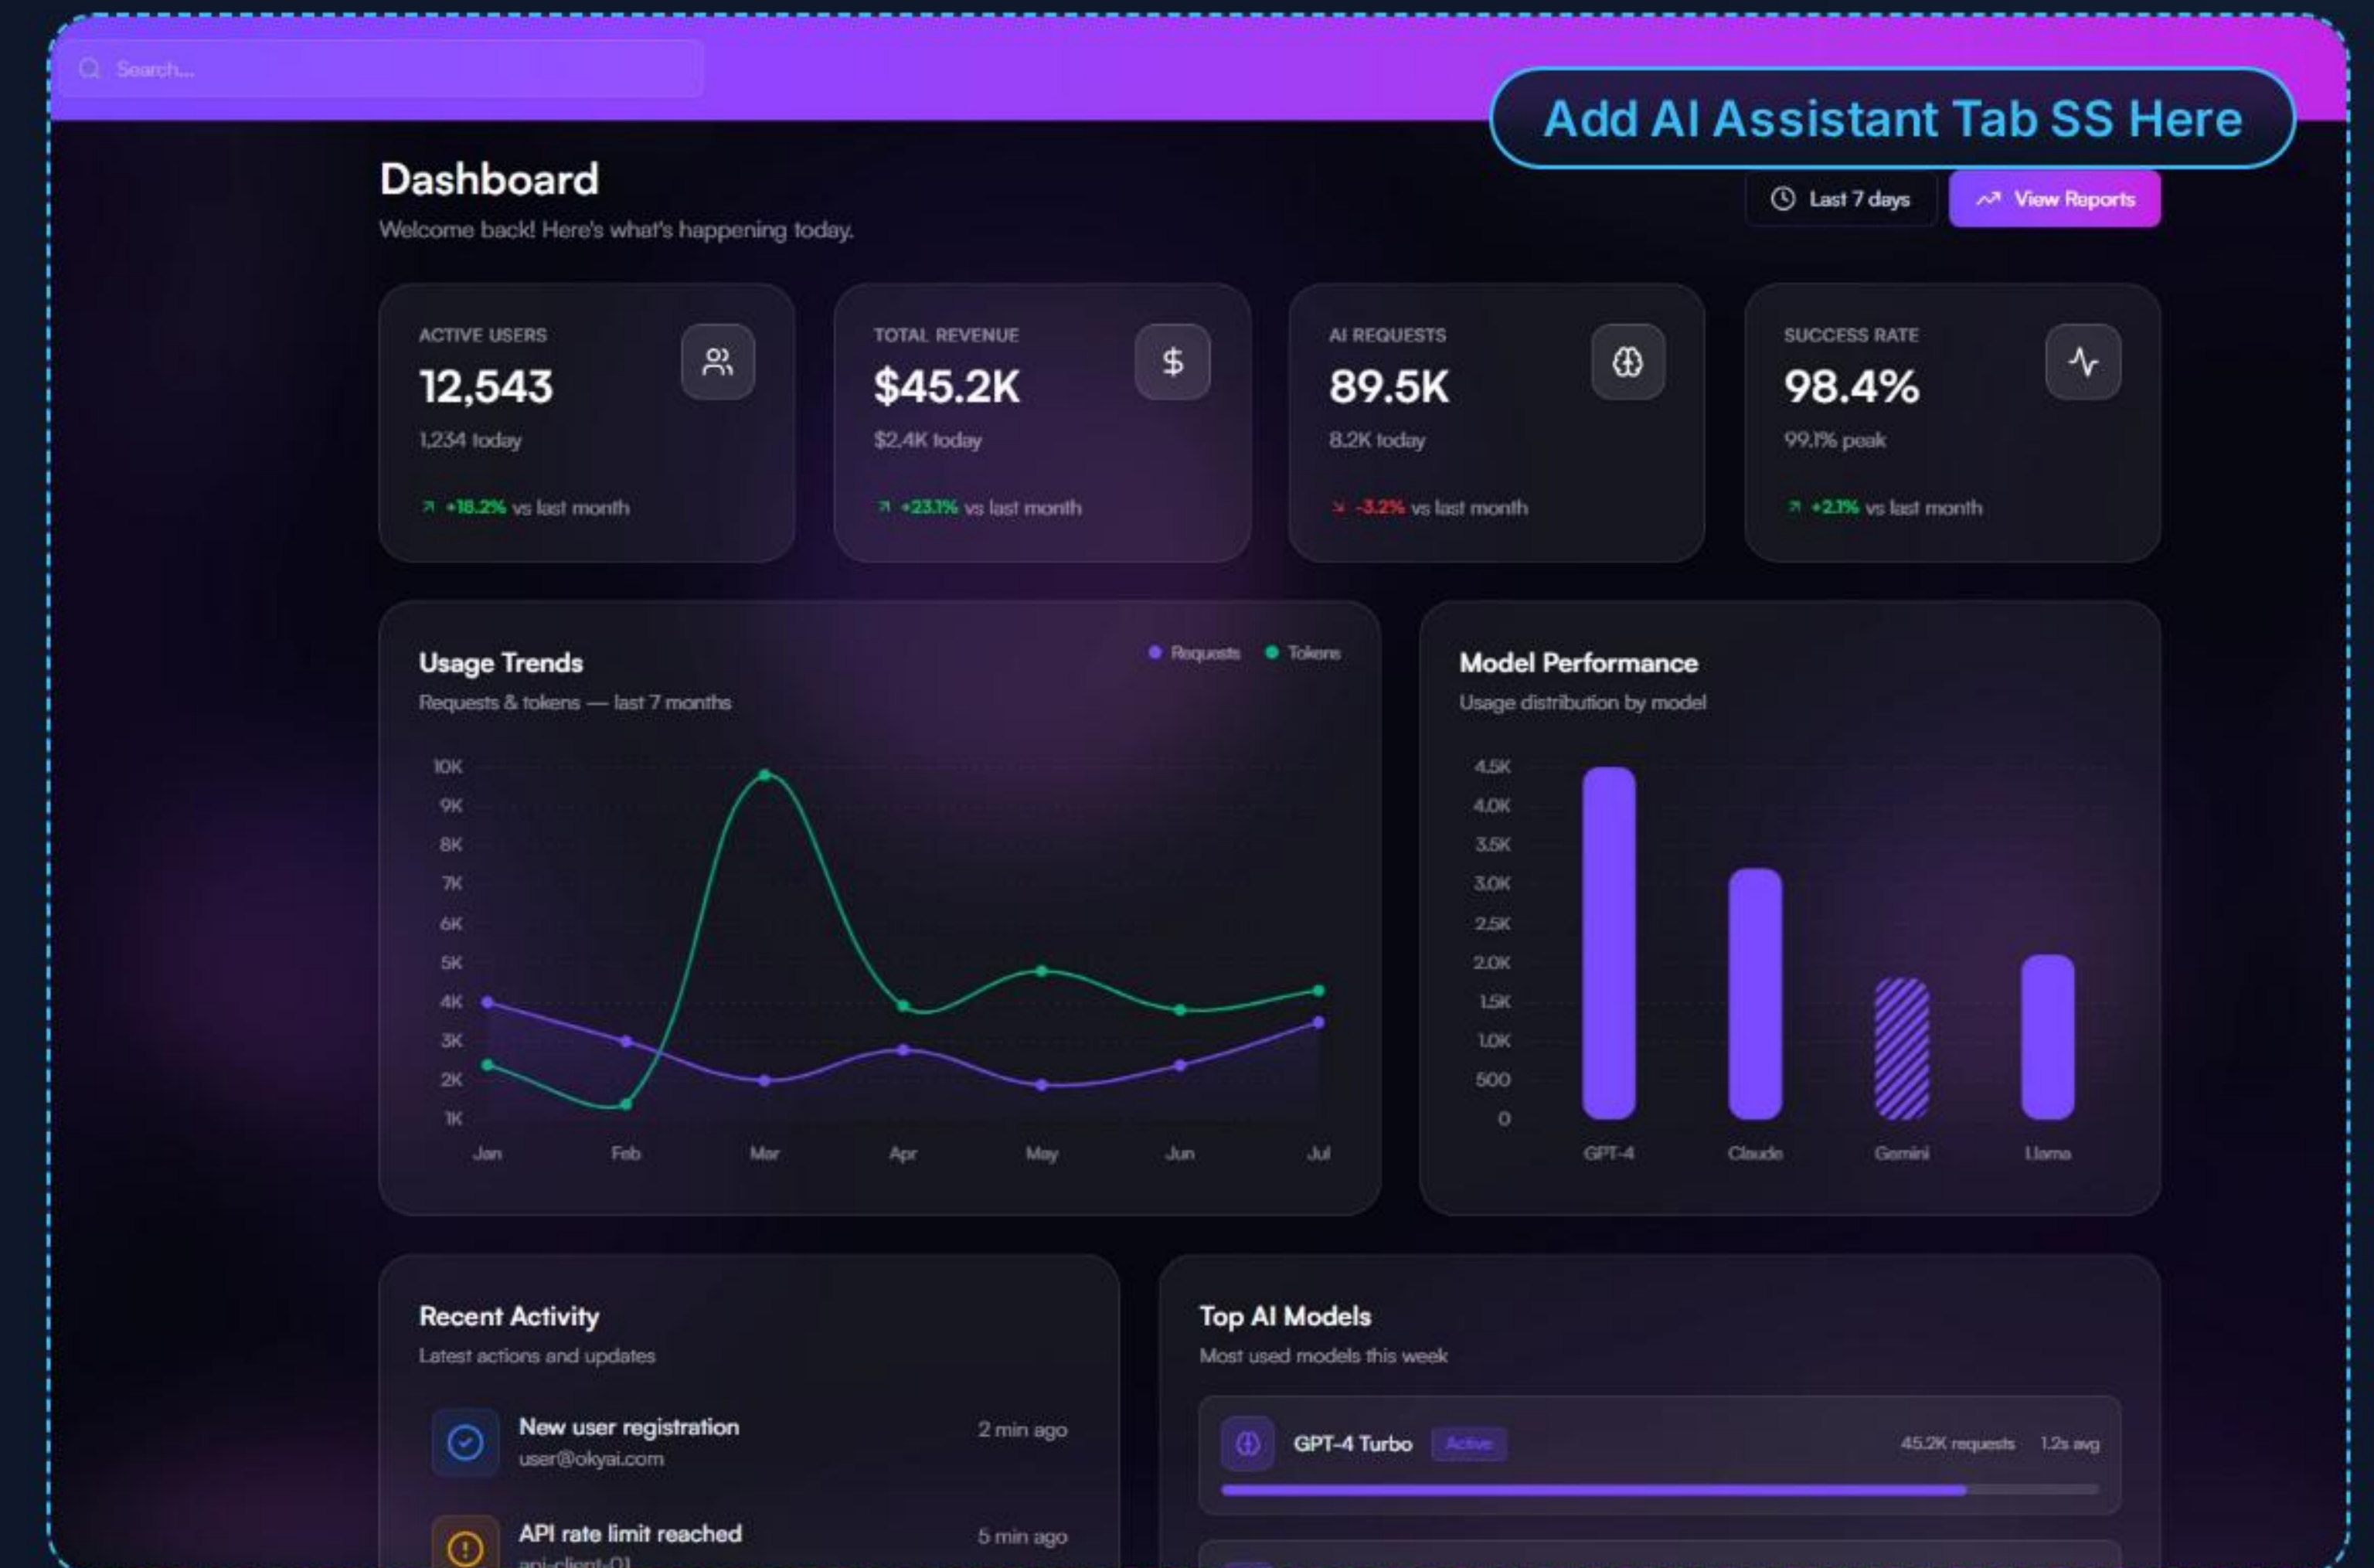

Feature 2: Planner & Deadlines Tab

- 🕒 **Time-Bound Grid Planner:** Manages daily lab slots, lecture hours, and scheduled events cleanly.
- ☰ **Dedicated Deadlines Tab:** Solves the time-slot problem for date-bound assignments (projects, submission links) without cluttering hourly grids.
- 📅 **Dual Organization:** Clear separation between scheduled commitments and flexible due dates.

Feature 3: Context-Aware AI Assistant

- 🧠 **Full Academic Context:** Pre-loaded with registration profile data, course list, and personal planner schedule.
- 💬 **Hyper-Personalized Guidance:** Ask *"What should I focus on tonight?"* or *"Summarize my upcoming submission rules."*
- 🛡️ **Empathetic Nudger:** Acts as an intelligent study mentor tailored specifically to your IITB curriculum.

Feature 4: Peer Knowledge & Community Hub

Resources Tab

Curated repository for placement & intern prep: YouTube links, GitHub repos, and core course PDFs all in one place.

Senior Journeys

First-hand experiences and roadmaps written by IITB seniors who cracked competitive internships and top placement offers.

Anonymous Chat

A safe, Reddit-style forum for peer Q&A and honest academic discussions (moderation framework in active development).

⚠️ Why This Matters: The Silent Crisis

A urgent call for proactive mental health safety nets

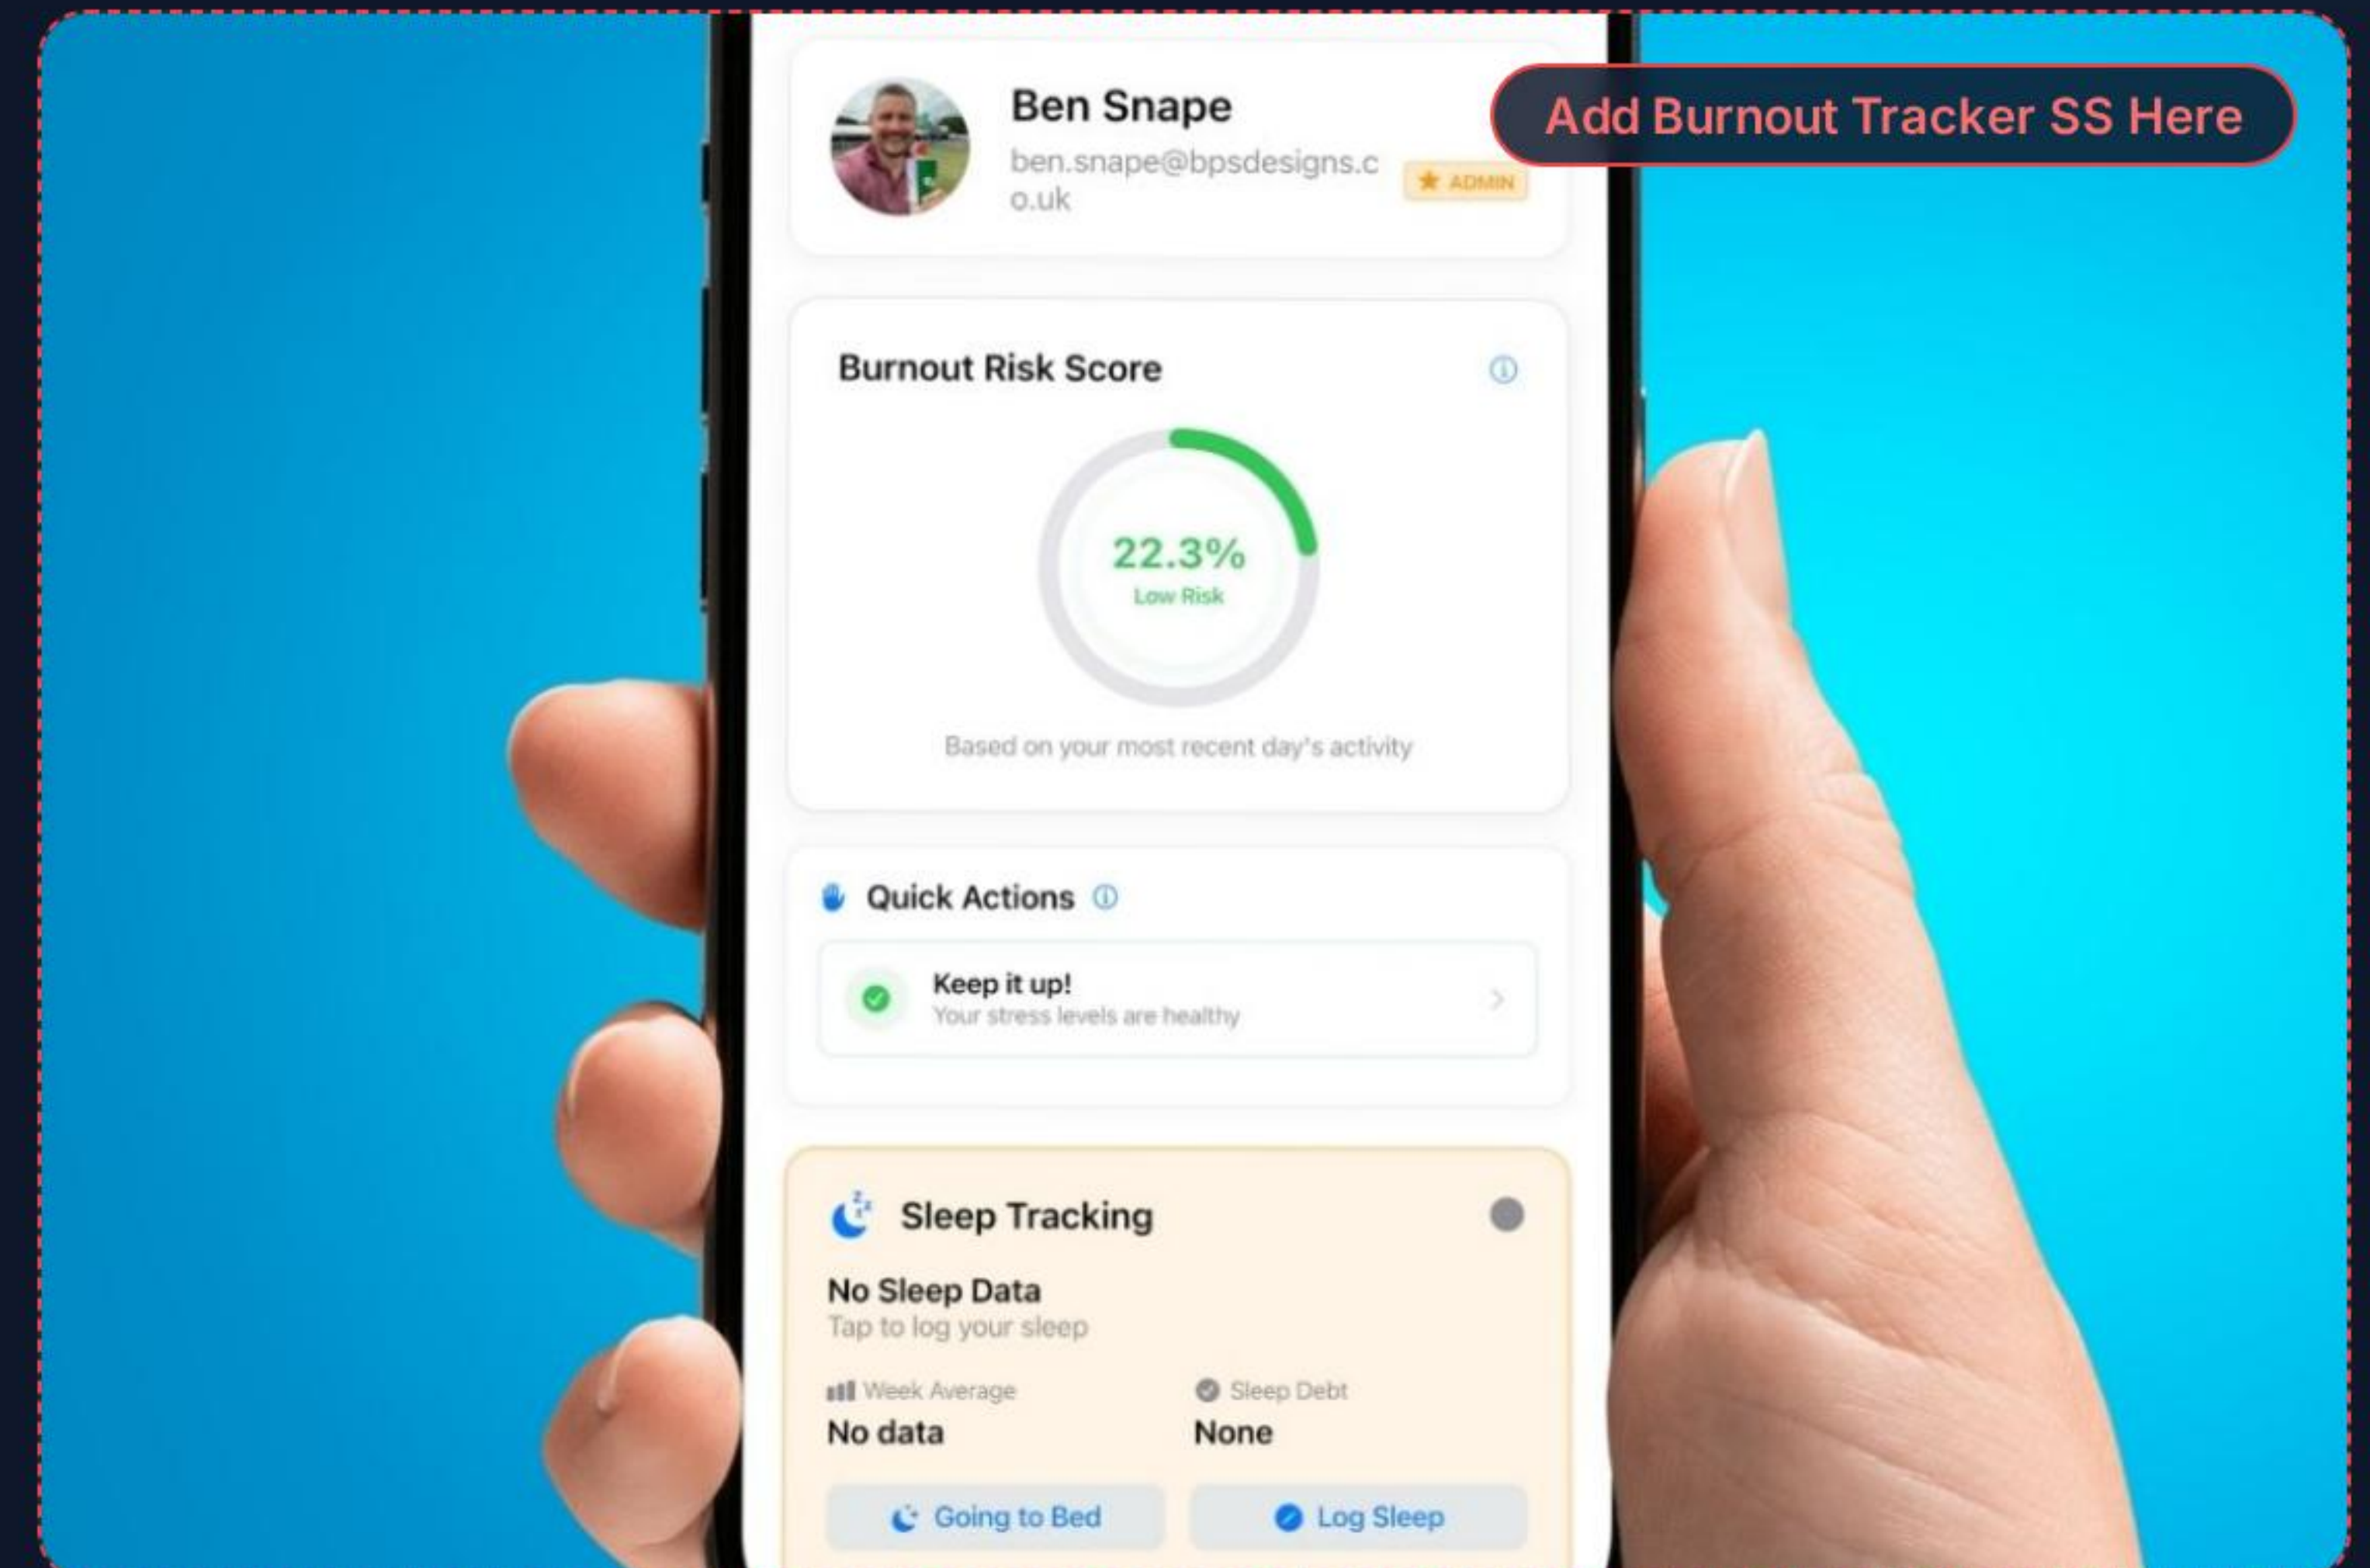

Moving From Reactive Crisis Management to Proactive Detection

Academic pressure at premier institutes doesn't just cause missed deadlines—it builds into cumulative, isolated psychological burnout.

Traditional campus counseling is *reactive*: it relies on students seeking help when they are already in deep crisis. **Pulse introduces early warning radars before a crisis occurs.**

Feature 5: ML Burnout Score & Safety Net

-  **Predictive ML Model:** Trained on parameters including study hours, sleep metrics, physical activity, and deadline density.
-  **Risk Score Dashboard:** Visually reflects personal fatigue levels in real time.
-  **Gentle Interventions:** Triggers private, supportive prompts, workload adjustment suggestions, and direct access to campus counseling resources.
